**Mark Your Calendars for the 2006 Michigan Energy Fair**

**Onkama, MI (June 16-18, 2006)** – Mark your calendars now for the upcoming 2006 Michigan Energy Fair, to be held at the Manistee County Fairgrounds in Onkama, MI on June 16-18, 2006. Presented by the Great Lakes Renewable Energy Association (GLREA), the State of Michigan Energy Office, Manistee County, and the 2006 Michigan Energy Fair Organizing Committee, the Fair will prove to be Michigan's largest Energy event to date.

Learn more about energy issues in Michigan while you enjoy the unique flavors of northern Michigan! Featuring renowned speakers on energy efficiency, renewable energy technologies, and living sustainably, the Michigan Energy Fair is shaping up to be a fun and educational time for all. Educational workshops will be held on a wide variety of topics including green building, solar energy options, wind energy options, energy efficiency architecture and upgrades, co-generation, biomass options and other alternative energy technologies. The event will feature both indoor and outdoor exhibitor spaces, abundant parking, local food vendors, entertainment and more. Watch our website ~ [www.glrea.org](http://www.glrea.org) ~ for updates on the event and ticket prices.

Businesses and organizations who are interested in supporting and participating in this event should contact the Great Lakes Renewable Energy Association office to obtain a booklet highlighting sponsorship and exhibitor opportunities. By exhibiting at the Fair, businesses and organizations will gain access to hundreds of attendees who are interested in sustainable energy products and renewable energy options. They will also benefit from the opportunity to interact with business professionals, educators, distributors, and others in the energy field. The earlier a business or organization registers as an exhibitor the more they save! Advertising opportunities are also available.

So make sure you mark your calendars now and plan to attend the 2006 Michigan Energy Fair! We anticipate high attendance at this event, so if you plan on attending consider making your lodging reservations now. A listing of accommodations in the area is available on our website at <http://www.glrea.org/events/MichiganEnergyFair2006.html>.

For more information, please contact Brendan Schauffler at the GLREA office via phone at 517-646-6269 or via email at [brendan.schauffler@glrea.org](mailto:brendan.schauffler@glrea.org).
