Saturday is Kid's Day at the Michigan Energy Fair!

Manistee, MI (June 16-18, 2006) – Saturday, June 17th is a special day for kids at the Michigan Energy Fair. The Fair is pleased to host Connie Josvai's class from Manistee's Kennedy Elementary School. The students will be on hand to offer their popular Energy Carnival. From 11:00 a.m. to 4:00 p.m., children will learn about a variety of renewable energy sources, as they complete carnival games to win a prize. Energy and nature come alive for children as they participate in hands-on crafts and demonstrations. Be sure to bring your kids for a fun and educational day at the Fair on Saturday!

Offering four fantastic keynote speakers, over 50 educational workshops, dozens of exhibitors, tasty local foods and more, the Michigan Energy Fair is not to be missed! Learn about renewable energy, energy efficiency and sustainable living in a fun, festival atmosphere.

We are also pleased to feature additional special events at the fair such as renewable energy tours throughout the weekend. Friday and Saturday evening offers great music and the Fair will host a special opening banquet on Friday evening.

The Michigan Energy Fair will be held June 16-18, 2006 at the Manistee County Fairgrounds in Onkama, Michigan on the banks of beautiful Portage Lake. For more information about the Michigan Energy Fair, please visit our website www.glrea.org, and don't forget to register while you're there!
